

Teladoc is continuing to improve for our members!

Introducing STD Lab Testing
— *through our trusted partner, sexualhealth.*

DISCREET. FAST. AFFORDABLE

Teladoc's new, optional, discreet STD Lab Testing feature offers members private, convenient lab tests at a reasonable price—at no additional cost to you. No information will be populated into the Teladoc member history to ensure your members' privacy.

Lab Tests can be requested
in one of three ways:

ON LINE: Request Lab Testing button on the Teladoc member home page

VIA DOCTOR: Referral for lab test(s) from one of our physicians

BY PHONE: Teladoc's toll free call center—a call center representative will provide a seamless transfer to sexualhealth for further assistance

Results are quick, easy and confidential:

- 1. Answer a few questions to ensure tests are necessary**
- 2. Choose the desired lab(s) and print out a confirmation**
- 3. Visit a local lab—over 4,000 labs available across the US**
- 4. View results online and speak with a physician if necessary**

At Teladoc, we care about every aspect of our members' health. This new STD Lab Testing service is just one of the many ways we are working to expand our members' access to affordable, quality health care—anytime, anywhere.
